

Training Dates

Our season runs from April through October. We hold classes every weekend during that period and frequently on weekdays. Not every site has a class running every weekend but on any given weekend, we have a class running somewhere in the state. Additional classes may be added to the schedule during the season.

Course confirmation

Course confirmations are sent out as early as possible and no later than 2 weeks before the start of the course. Your confirmation letter will give you the dates, times and the specific location of your course. We cannot confirm course dates over the telephone.

Frequently Asked Questions

Do I need a motorcycle permit to take a class?

No, you do *not* need a motorcycle permit for the **Basic Rider** class. You just need a valid NH Driver License. For the **Experienced** class, you do need a valid NH Motorcycle License.

Do I need to have my own motorcycle?

For the Basic and Intermediate Rider Courses the DMV supplies motorcycles and helmets. For the **ERC**, students must bring their own street-legal motorcycle and D.O.T. approved helmet.

Do I automatically get my Motorcycle license at the end of the course?

No. During the class, you must pass a written and riding test to receive a course completion card. You can then bring the card to any DMV and apply for a Motorcycle License (\$30.00 fee). The card will waive the DMV motorcycle tests.

Am I required to take the course to get a motorcycle license?

No, taking the course is one way to get a motorcycle license, but you can also take a written and riding test at the DMV to obtain your license. After passing the written test at any DMV Office, a 30-day permit will be issued, which costs \$30.00. You will receive the date, time and location of the riding test upon application.

How do I sign up for a class with a friend?

Send separate checks and registration forms for each student in the same envelope. Because class size is limited, we cannot guarantee multiple people being placed in the same class.

How can I get a course early in the season?

To increase your chance of getting an early class, give a full list of dates and locations. Fill out your form completely - incomplete forms will be returned, causing a delay in registration.

Can I just drop-in for a class?

No. Only pre-paid and pre-registered students will be admitted.

Course Information

Basic Rider Course (BRC) \$110.00

The Basic Rider Course is designed for beginner riders with little or no previous motorcycle experience. Students need the ability to balance and ride a bicycle. Students learn about different types of motorcycles, their controls, how they operate and will begin developing and practicing the mental and motor skills necessary for safe riding.

The BRC combines classroom instruction with on-cycle riding practice. Class times will vary but students will spend a minimum of 5 hours in the classroom and 10 hours riding. All riding exercises are conducted at slow speeds on a protected range.

Students take a written knowledge test and a riding skill test as part of the course. Students who complete the course and pass the evaluations receive a completion card that will waive the motorcycle skills test given at the DMV for a motorcycle endorsement.

Motorcycles and helmets are provided but students are responsible for providing the following protective clothing: eye protection, gloves, boots that cover the ankles, sturdy pants and a jacket.

Intermediate Rider Course (Refresher) \$50.00

This one-day refresher course is a continuation of the Basic Rider Course. It is designed for riders who completed a BRC within a twelve-month period and who want more practice on the motorcycle. A student who took the BRC and did not pass the riding skill evaluation can re-take the skill evaluation during the IRC in order to receive a waiver for a motorcycle endorsement.

Experienced Rider Course (ERC) \$60.00

This one-day course is designed for riders with at least one year of motorcycle experience. Students use their own registered, state-inspected motorcycles for range exercises. Proper riding gear, including helmet, is required.
